Opinions expressed here are solely those of the posters, and have not been cleared with nor are they endorsed by The Miniatures Page.. Because you always enjoyed pulling the wings off flies as a child and some people just enjoy watching the world burn... Also flying ghosts.. Additionally, Sauron increases his warband size to 24 Not too bad overall, fairly straightforward and easy to remember - big bonus for orc spam as their crappy courage 2 is helped no end by the breaking immunity.. This is somewhat mitigated by the army bonus, although when things start to go wrong they will often carry on that way.. However, beware an enemy who focuses all his shooting and all his heroes onto Sauron exclusively; once he's dead your army falls apart, even if he's the only model
